

HANDTRUCKS, SERVICE CARTS AND PLATFORM TRUCKS

Heavy-duty hand trucks can help you move just about anything. Slide the nose plate under your load and tip the hand truck back on its wheels, then just wheel the load wherever you need to stow or unload it. Help lift and move stacks of heavy ceramic tile, cement blocks, boxes packed with books, bulk beverage can packs and much more.

Our all welded USA made handtrucks are built by Dutro Manufacturing and are designed of the highest quality and fabrication.
