

# PALLET RACK STORAGE SYSTEMS

As the cost of building space continues to soar, the only answer is to ELEVATE! The proper layout and design of a pallet rack storage system is crucial to obtain your ultimate storage goals. We specialize in requirements ranging from a few sections to a complete turnkey hi-density storage system. Call Big Joe sales staff and receive valuable advice and a free layout and analysis to improve your storage space!

## Expanding Or Relocating?

Big Joe can help you maximize your storage space at your current or new facility and do a complete rack analysis using your current, all new or a mix to help your move go smoothly. Our install team can do a complete teardown, shipping and re-install of current racks and or we offer great trade-in values on your current used rack. **Call for A FREE Quote!**
